Donor Document* Not Available (Notification by Donor Representative)

☐

To the best of my knowledge, there is no Donor Document reasonably available in which the decedent expresses the intent to make an anatomical gift.

1. **Consent** - Pursuant to the Revised Uniform Anatomical Gift Law, I donate the decedent's body as an unrestricted anatomical gift to Eternal Educational Gift Donation ("EEGD").
I understand that the donor's accepted body may be used for the purposes of education or research. I understand that the acceptance and exact use of the donor's body will be at the discretion of EEGD. In some cases such use may involve exposures to destructive or damaging forces (e.g., impacts, crashes, ballistic injuries, blasts). Examples of how the gift might be used for education or research include: medical education and training; forensic sciences (e.g., pathology, engineering, anthropology).
I understand that EEGD reserves the right to preserve and retain individual tissues and organs from the donation for the purposes of education or research.
2. **Applicable Law and Policies**- I understand this donation is subject to applicable law and EEGD policies in effect at the time of my death.
3. **Duration of Donation**-

☐

Permanent Donation: EEGD will retain the donation indefinitely to be used in any manner EEGD deems necessary and appropriate, within or external to EEGD, without time constraints on the use of the donor's body. With **permanent donation**, the body will not be returned.
